## HIGH SCHOOL BOY SOUGHT AS GIRL SLAYER

### LOS ANGELES AUTHORITIES

#### SEARCH FOR "FOX"

BELIEVE REVENGE MOTIVE OF PERSON WHO KILLED MARION PARKER

RUMORS CIRCULATE THAT SUSPECT IS ALREADY IN POLICE HANDS

By DAN CAMPBELL  
(United Press Staff Correspondent)

Los Angeles, Dec. 20.—A handsome, weak mouthed youth, Edward Hickman, 17, former Kansas City high school boy, was being sought here today as the beast who slew 12-year-old Marion Parker and mutilated her body.

Through finger print records and rogues gallery pictures, Hickman, according to Chief of Detectives Herman Cline, was irrefutably identified as the sly and cunning criminal sought throughout the southwest as "The Fox."

Revenge was said to be the motive for the abductive crime.

Cline said another man and possibly a woman was involved in the crime.

He explained that L. H. Barlow, police finger print expert, found evidence indicating Hickman wrote the death threats signed "The Fox," that were sent to Parker and drove the car used in the murder.

A picture of Hickman taken at the time of his arrest was identified by five persons, Cline added.

Although a cordon of police was flung over a wide area of southern California from mountains to the sea, and speeding motor cars patrolled all roads leading from the state, it was rumored here that the boy already was in custody of police, who fear mob violence may result if "The Fox" was found.

Hickman's identity was made, according to Barlow, by records on file in the rogues' gallery. According to police these records correspond with finger prints found on the death threats and on the murder car.

The motive for the crime which has baffled police since the dismembered body was thrown from a coupe Saturday night, was undoubtedly revenge, police said.

Perry M. Parker, father of the dead girl, was said to have objected to the paroling of Hickman last June on a forgery charge. This was the motive for the revenge, it was said.

As an employee of the Los Angeles First National Bank, Hickman was arrested June 6, on forgery charges, records revealed. He was tried and convicted of issuing worthless checks for a sum amounting to \$200. It was said Hickman wanted the money to purchase a motorcycle.

The youth came to Los Angeles in January, 1927, with another boy. Relatives secured a position for him as messenger at a salary of \$15 a week. Later his mother and 16-year-old sister came to Los Angeles. After he was arrested on the forgery charge his mother and sister left here.

When Hickman came up for sentence, friends intervened and he was paroled over the objection of Parker, according to court records on file in the probation department.

Hickman's father is said to have deserted his family in 1920. The youth was born in Arkansas.

Police urged extreme caution be used in arresting Hickman for when the youth is taken into custody, mob violence is sure to follow, they said. Marion Parker was abducted from the Mt. Vernon junior high school last Thursday. On Saturday night, Parker arranged to pay the ransom to the author of bullying, taunting messages demanding \$1,500. He paid the money to a young man who drove up to a designated spot in the residential section. The man, with a handkerchief over his face, then threw the mutilated little body on the lawn at the father's feet and drove off.

Police seized a motor car left at a public parking place which they believed was the one driven by the slayer. It was a Chrysler coupe.

New York, Dec. 20.—(U.P.)—A woman threw her 10-year-old child from a window on the fourth floor of a Brooklyn apartment house today and then leaped out herself, police reported. The child was reported dead and the woman in a dangerous condition at the Swedish hospital in Brooklyn.

### LINDBERGH TO GIVE OREGON AN AIR RIDE

PROMOTION OF AVIATION IS THE CHIEF INTEREST OF THE AMERICAN FLIER

HAS NOT RIDDEN IN TRAIN OR TROLLEY SINCE HE LEFT SAN DIEGO LAST MAY

By G. F. FINE  
(United Press Staff Correspondent)

Mexico City, Dec. 20.—Col. Chas. A. Lindbergh planned to take ex-President Alvaro Obregon, candidate for the Mexican presidency, for an air ride today or tomorrow to promote aviation.

Promotion of aviation has been one of the chief interests of all Lindbergh's activities and yesterday he revealed he had not ridden in a train or trolley since he left San Diego last May on what promised to be the most epoch-making flight in history.

For that reason the American went to visit former President Obregon by motor instead of by the scheduled special train.

Lindbergh said he would fly part way to Tampico in the Spirit of St. Louis to meet his mother, who was expected here late tomorrow or on Thursday on her flying trip from Detroit, Mich., to spend the Christmas holidays with her son.

St. Louis, Dec. 20.—Postponement of Mrs. Evangeline Lodge Lindbergh's Detroit to Mexico City flight until noon was forecast at 9:30 A. M. today with announcement that starting mechanism of her plane needed repairs. It had been planned to leave not later than 9:30 A. M.

Difficulty was said to have been encountered with two of the three starting units, gears of which were understood to have been partially stripped.

which had been stolen from a doctor in Kansas City on Nov. 7.

### CAPTURE OF "THE FOX" SEEMS IMMINENT

By DAN CAMPBELL  
(United Press Staff Correspondent)

Los Angeles, Calif., Dec. 20.—Wearily detectives and police who have been working extra shifts since 12-year-old Marion Parker, banker's daughter, was kidnapped and butchered, were called back on duty today, following reports that capture of "The Fox," the girl's slayer, was imminent. A few hours after Chief of Detectives Herman Cline had positively identified "The Fox" as Edward Hickman, 17, former Kansas City high school boy, he received a report that the youth had appeared today in a downtown garage.

Cline denied reports that the youth already was in custody and that his arrest was being kept secret to prevent mob violence.

The reports gained strength when a heavy guard was thrown about the county jail. This, however, was construed in some quarters to mean that an arrest would soon be made. Constant threats of violence to the slayer have been heard since the girl's mutilated body was tossed out of the murder car.

At least 40 or 50 officers, armed with sawed off shot guns, were patrolling the corridors and entrance way of the jail.

### CULT MEMBERS AWAIT PURNELL'S RESURRECTION

EVENT PROMISED BY LATE KING BEN SOME DAYS OVERDUE

FAITH IS UNSHAKEN, AUTHORITIES PERMIT RETENTION OF BODY

Benton Harbor, Mich., Dec. 20.—(U.P.)—With the quiet confidence which comes from many years of adherence to the faith, 800 members of the House of David religious cult today awaited the promised but overdue resurrection of King Benjamin Purnell, their ruler.

Death relieved the suffering of the sect ruler's disease-wracked and emaciated body Friday, but with unswerving faith his followers waited the prescribed 72 hours until yesterday morning for his prophesied return before making the announcement.

Even then their faith was unshaken. They pleaded with health authorities to permit them to retain the body another day or two, pointing out Lazarus did not rise until the fourth day. This they were permitted to do.

Tuberculosis, contracted while he was in hiding to avoid arrest on charges of immorality, resulted in the death of the "Seventh Messenger" and self-proclaimed "Brother of Christ."

Business of the colony proceeded as usual today, with members steadfastly refusing to believe Purnell would not again rise and lead them to the promised land of everlasting life.

Queen Mary, Purnell's wife, broke down and wept in announcing the funeral plans, but her belief in his return likewise was unshaken. "Poor Benjamin," she cried. "He suffered so. He was crucified like Christ, but like Christ he will arise to lead the 144,000 Israelites through the millennium to everlasting life."

No pomp or ceremony marked the passing of Purnell. Without mourning or services, his body will be laid to rest tomorrow in an unmarked grave in the Crystal Springs cemetery, with only two or three relatives whom he had not seen for years attending.

In a plain, pine board box, the body will be buried beside the grave of his son, Coy, whose renunciation of his religion brought the seething retort from Purnell that "only sinners die—let the dead bury the dead."

No member of the colony, not even Queen Mary, will be permitted to witness the burial. The funeral plans were in accord with Purnell's last wish, his wife said.

### BOY OF 11 IS RUN OVER BY TRAIN

Minneapolis, Dec. 20.—(U.P.)—Louis Polkowski, 11, was probably fatally injured when he was run over by a Great Northern train here late yesterday.

Louis was playing on the tracks when the accident occurred. His left arm was severed. At General hospital, where he was taken, physicians said he had very little chance to recover.

### SLEIGH STRUCK BY TRAIN; CRASH KILLS TWO MEN

Branson, Minn., Dec. 20.—(U.P.)—A railroad crossing crash here Monday resulted in the death of Louis Helgeson and Clifford Holte. A sleigh in which the two young men were riding was struck by a local train of the Great Northern railroad.

### FEUD OF LONG STANDING SETTLED, 'SHOOTING IT OUT'

Borger, Tex., Dec. 20.—(U.P.)—A feud of long standing was settled here when Louis Crum and Harry Dodd "shot it out" on a street corner.

The men were equally quick on the "draw." Dodd was killed outright and Crum perhaps fatally wounded.

### REMUS JURY HEARD MILLION WORDS TESTIMONY

TODAY TO DECIDE IF HE SHOULD BE PUNISHED FOR SLAYING HIS WIFE

JURORS HAVE CHOICE OF 5 OR POSSIBLY 6 DIFFERENT VERDICTS

Courtroom, Cincinnati, O., Dec. 20.—(U.P.)—George Remus today was found not guilty of the murder of his wife, Imogene, the jury deciding he was insane on October 6, the day of the killing.

The verdict was: "We, the jury, on the issue joined find the defendant not guilty of murder as he stands charged in the indictment, on the sole grounds of insanity." Remus will not go free unless he succeeds in convincing a probate court that he now is sane. Otherwise he will be sent to a state hospital.

By PAUL W. WHITE  
(United Press Staff Correspondent)

Cincinnati, O., Dec. 20.—(U.P.)—Ten men and two women, sitting through 30 days of court, listening to a million words of testimony and argument, today were called upon to decide whether George Remus should be punished by society because he shot and killed his wife.

Th jurors have a choice of five and possibly six verdicts. Those concerning which there was no dispute and the penalties for them follow:

Murder, first degree—death in the electric chair.

Murder, first degree with recommendation of mercy—life imprisonment without hope of pardon.

Murder, second—life imprisonment with eligibility for parole after the tenth year of imprisonment.

Manslaughter — from one to twenty years of imprisonment. Not guilty on the sole ground of insanity—such a verdict would transfer Remus to probate court where he would have to prove he was sane before he could escape confinement at a state hospital.

Before the judge delivered his charge today, Walter K. Sibbald, assistant prosecutor, was to have an hour and a half to conclude the state's closing argument.

### TWO MEN KILLED WHEN PASSENGER TRAIN IS WRECKED

Warren, Pa., Dec. 20.—(U.P.)—The fireman and engineer were killed and a baggage man injured when a local passenger train on the Philadelphia and Erie branch of the Pennsylvania railroad was wrecked near here today. Edward Metzgar, engineer, and Mark Kertick, fireman, both of Erie, were the two men killed.

### RUTH ELDER AND HALDEMAN FLYING TO ANNISTON, ALA.

Atlanta, Ga., Dec. 20.—(U.P.)—Ruth Elder and George Haldeaman, co-partners on a trans-Atlantic flight, left Chandler field at 9:12 a. m. today for Anniston, Ala.

### SHIPS REPORTED IN DISTRESS IN ICY GALE RAGING

15 MEN KILLED WHEN TEMPERATURE DROP CAUSES MINE COLLAPSE

SCHOONER PEARL, LADEN WITH COAL, SINKS OFF COAST OF IRELAND

London, Dec. 20.—(U.P.)—Forty-seven persons were known dead, and many more deaths were feared, in storms at sea and ashore that swept Europe today.

Of the known deaths, ten were in Great Britain, mostly from exposure, and 32 in Jugo-Slavia—fifteen in a mine which collapsed through a sudden drop in temperature and seventeen among soldiers guarding a railway.

Lloyd's agent at Queenstown, Ireland, reported that the schooner Pearl of Colchester, laden with coal, sunk off Kinsale, Ireland—and was believed to be a total loss. It was feared the crew perished.

Cries for help were heard during the night, rockets were sent up, and men could be seen clinging to the schooner's frozen rigging. This morning there was wreckage in the vicinity, but nothing else.

Half of historic St. Peter's Square, Rome, was converted into the first skating pond children there ever had seen. High winds carried jets of water from the fountains to the right half of the square, and soon there was a coating of ice. Thousands of children went out and instinctively began making slides. None had skates, for there had been no ice in their memory.

It is not recorded that the square ever was frozen over before. The pope stood in the windows of his vatican apartment overlooking the square, and enjoyed the shouts of the happy children. Cardinals on the way from yesterday's consistory halted their carriages and automobiles and watched the fun.

A Bucharest dispatch said today that freight services on the river Danube had been discontinued because of heavy ice. Passenger boats were delayed.

Snowstorms were delaying train services seriously, a Vienna dispatch said.

A Belgrade dispatch reported that uninterrupted storms for 48 hours had forced discontinuance of railway communication in many parts of Jugo-Slavia.

In the English channel heavy gales delayed shipping, both cross-channel and trans-Atlantic. Forty small vessels were forced to seek shelter in Plymouth harbor, England. Blizzards inland in the Plymouth area and in southern Ireland blanketed the ground with snow.

London, Dec. 20.—Five men went down with the wreck of the schooner Pearl off Kinsale, Ireland, it was ascertained today, making the known total of dead 47 in an extreme cold wave covering all Europe.

### MAGRUDER PRESSES CHARGES OF ALLEGED NAVY INEFFICIENCY

Washington, Dec. 20.—(U.P.)—The proposals of Rear Admiral Thomas P. Magruder for economy in the navy department would cost a billion dollars, Rep. Britten told the disciplined admiral today when he appeared before the house naval affairs committee for questioning on his charges of extravagance and inefficiency.

Pressing Magruder very closely, Britten declared he had failed to present figures to back up his charges, though he had entered the "limelight" as a "naval expert" through his magazine article.

### OVERHEATED STOVE FIRES HOME AND 2 CHILDREN BURNED

Marcola, Ore., Dec. 20.—(U.P.)—Two children, alone at home while their mother visited a neighbor and their father worked in a garage at the rear, were burned to death last night when an overheated stove set the house afire. Robert Hoke, 2, and Charlotte, five months old, were the victims.

### TWO AVIATORS FAIL TO BREAK ENDURANCE MARK

UNOFFICIAL TIME OF THEIR FLIGHT WAS 49 HOURS AND 29 MINUTES

CAPT. CHAS. KINGSFORD-SMITH AND LIEUT. POND FLY BY THREE HOURS

Mills Field, San Francisco, Calif., Dec. 20.—(U.P.)—The valiant effort of Captain Charles Kingsford-Smith and Lieut. George Pond to wrest the world's endurance flight record from two German aviators failed today.

Exhaustion of their gasoline supply forced them to bring their Fokker monoplane Spirit of California, to a landing at the Mills field airport at 9:47 A. M.

The unofficial time of their flight was 49 hours and 29 minutes, falling two hours and 53 minutes short of the record set by Edvard and Ritschitz, German aviators, last summer.

Kingsford-Smith and Pond, whose efforts to break the record had met with failure on three previous attempts, kept the plane in the air today until practically the last drop of gasoline was drained from the tanks and then coasted to a landing.

Kingsford-Smith and Pond announced today that another attempt would be made to break the endurance record.

The gasoline-carrying capacity of the craft will be increased before the next attempt is made, they said. On the flight that ended today the Spirit of California started with a fuel supply of more than 1,400 gallons of gasoline.

### BUTTERMAKING TRADE POPULAR

St. Paul, Minn., Dec. 20.—(U.P.)—The buttermaking trade is proving popular, officials of University farm, division of agriculture of the University of Minnesota, said late yesterday.

Sixty persons have enrolled for the annual buttermakers' school which will open a six-weeks course on Jan. 4.

W. B. Combs, of the dairy husbandry division of the school said the course is designed to provide competent operators for 800 creameries in Minnesota and others in neighboring states.

### BLIZZARD YIELDS FROZEN BODY OF JOHN SUNDAHL

Moorhead, Minn., Dec. 20.—(U.P.)—The frozen body of John Sundahl, 19, has been found, adding to the toll of death and suffering in the northwest during the recent snowstorms.

The victim was last seen alive when the truck in which he and two brothers were riding was stalled in a snow-drift. He left his brothers then and was missing until the body was found in a snowbank.

Parents of the victim, Mr. and Mrs. Ben Sundahl, live near Glyndon, Minn.

### WOMAN CLUTCHING CHILD LEAPS TO DEATH OF BOTH

New York, Dec. 20.—(U.P.)—An unidentified woman clutching a small child, about 4, in her arms leaped from a sixth floor window of a Brooklyn apartment house to the pavement below. The child was killed in the fall. The woman died shortly after being admitted to Kings county hospital.

### ERRATIC TATTOO IS PICKED UP BY THE OSCILLATOR

SISTER SUBMARINE S-8 STATIONED OVER SPOT WHERE S-4 SANK

MESSAGE TAPPED OUT FROM ABOVE IS ANSWERED BY MEN BELOW

By BOYD LEWIS  
(United Press Staff Correspondent)

Aboard Trawler James M. Burke, off Woods End, Cape Cod, Mass., Dec. 20.—At 9:33 A. M. today signals were still coming, though faintly as if the effort was almost too much, from the men imprisoned in the torpedo room of the sunken submarine S-4.

At that hour the signals were more of an erratic tattoo as they were picked up by the oscillator of the submarine S-8 which is stationed over the spot where its sister ship is resting on the ocean's bottom.

All through the night the men on the S-8 sent messages to the S-4, hoping to get some response.

For seven hours they tapped out the signal on the oscillator: "Your wife and mother are constantly praying for you."

It was addressed to Lieutenant Graham Newell Fitch, the ranking officer among the six men trapped within the submarine.

At 6:20 A. M. the message was acknowledged from within the submarine, showing not only that the men were alive but that they still retained at least sufficient consciousness to comprehend the message.

From then on constant communication was maintained, although the response from within the submarine steadily grew weaker and for the most part were incoherent.

At 9:30 A. M. the salvage fleet was further heartened by the sighting of the great floating cranes Monarch and Century, with heavy hoisting apparatus, in tow of tugs, off the Race Point guard station.

### DIVING OPERATIONS TO BE RESUMED

Boston, Dec. 20.—"Everything is ready for diving to begin," Rear Admiral Brumby, directing rescue operations on the S-4, said in a radio message today.

Brumby sent the message to Rear Admiral Philip G. Andrews of the Charleston navy yard. It read:

"In answer to your message regarding S-4 torpedo tube for supplies. Everything in readiness for diving to begin."

"Will endeavor to put oxygen flask, soda lime, food and flashlight through torpedo tube providing tubes can be reached by divers, which may not be possible until divers wash mud down so as to expose tube," the message said.

"All available information from chart, soundings and divers shows S-4 lying in deep mud."

"One diver went into mud up to his hips abreast conning tower (during diving operations Sunday) and was pulled out with difficulty."

"Another diver found mud high along bow due scooping action when submarine struck."

"S-4 listing on even keel heading southwest slightly down by head, 1,700 yards, 140 degrees off Wood End Light in 105 feet of water."

"Weather and sea conditions have not improved since last report."

### NAMES OF SIX IN COMPARTMENT GIVEN

Provincetown, Mass., Dec. 20.—The six men trapped in the torpedo chamber of the S-4 were named by Rear Admiral R. F. Brumby in a radio message early today as:

Lieut. Graham N. Fitch, Washington, D. C.

Joseph L. Stevens, Providence, R. I.

Roger I. Short, Booneville, Mo.

Russell A. Crabb, San Diego, Cal.

Frank Snizek, Ridgefield, N. J.

### RUTH ELDER AND HALDEMAN FLYING TO ANNISTON, ALA.

Atlanta, Ga., Dec. 20.—(U.P.)—Ruth Elder and George Haldeman, co-partners on a trans-Atlantic flight, left Chandler field at 9:12 a. m. today for Anniston, Ala.

### SHIPS REPORTED IN DISTRESS IN ICY GALE RAGING

15 MEN KILLED WHEN TEMPERATURE DROP CAUSES MINE COLLAPSE

SCHOONER PEARL, LADEN WITH  
COAL, SINKS OFF COAST OF  
IRELAND

London, Dec. 20.—(U.P.)—Forty-seven persons were known dead, and many more deaths were feared, in storms at sea and ashore that swept Europe today.

Of the known deaths, ten were in Great Britain, mostly from exposure, and 32 in Jugoslavia—fifteen in a mine which collapsed through a sudden drop in temperature and seventeen among soldiers guarding a railway.

Lloyd's agent at Queenstown, Ireland, reported that the schooner Pearl of Colchester, laden with coal, sunk off Kinsale, Ireland—and was believed to be a total loss. It was feared the crew perished.

Cries for help were heard during the night, rockets were sent up, and men could be seen clinging to the schooner's frozen rigging. This morning there was wreckage in the vicinity, but nothing else.

Half of historic St. Peter's Square, Rome, was converted into the first skating pond children there ever had seen. High winds carried jets of water from the fountains to the right half of the square, and soon there was a coating of ice. Thousands of children went out and instinctively began making slides.

None had skates, for there had been no ice in their memory.

It is not recorded that the square ever was frozen over before.

The pope stood in the windows of his vatican apartment overlooking the square, and enjoyed the shouts of the happy children. Cardinals on the way from yesterday's consistory halted their carriages and automobiles and watched the fun.

A Bucharest dispatch said today that freight services on the river Danube had been discontinued because of heavy ice. Passenger boats were delayed.

Snowstorms were delaying train services seriously, a Vienna dispatch said.

A Belgrade dispatch reported that uninterrupted storms for 48 hours had forced discontinuance of railway communication in many parts of Jugoslavia.

In the English channel heavy gales delayed shipping, both cross-channel and trans-Atlantic. Forty small vessels were forced to seek shelter in Plymouth harbor, England. Blizzards inland in the Plymouth area and in southern Ireland blanketed the ground with snow.

London, Dec. 20.—Five men went down with the wreck of the schooner Pearl off Kinsale, Ireland. It was ascertained today, making the known total of dead 47 in an extreme cold wave covering all Europe.

### MAGRUDER PRESSES CHARGES OF ALLEGED NAVY INEFFICIENCY

Washington, Dec. 20.—(U.P.)—The proposals of Rear Admiral Thomas P. Magruder for economy in the navy department would cost a billion dollars, Rep. Britten told the disciplined admiral today when he appeared before the house naval affairs committee for questioning on his charges of extravagance and inefficiency.

Pressing Magruder very closely, Britten declared he had failed to present figures to back up his charges, though he had entered the "limelight" as a "naval expert" through his magazine article.

### OVERHEATED STOVE FIRES HOME AND 2 CHILDREN BURNED

Marcola, Ore., Dec. 20.—(U.P.)—Two children, alone at home while their mother visited a neighbor and their father worked in a garage at the rear, were burned to death last night when an overheated stove set the house afire.

Robert Hoke, 2, and Charlotte, five months old, were the victims.

### TWO AVIATORS FAIL TO BREAK ENDURANCE MARK

UNOFFICIAL TIME OF THEIR  
FLIGHT WAS 49 HOURS AND  
29 MINUTES

CAPT. CHAS. KINGSFORD-SMITH  
AND LIEUT. POND FAIL BY  
THREE HOURS

Mills Field, San Francisco, Calif., Dec. 20.—(U.P.)—The valiant effort of Captain Charles Kingsford-Smith and Lieut. George Pond to wrest the world's endurance flight record from two German aviators failed today.

Exhaustion of their gasoline supply forced them to bring their Fokker monoplane Spirit of California, to a landing at the Mills field airport at 9:47 A. M.

The unofficial time of their flight was 49 hours and 29 minutes, falling two hours and 53 minutes short of the record set by Edvard and Ritschke, German aviators, last summer.

Kingsford-Smith and Pond, whose efforts to break the record had met with failure on three previous attempts, kept the plane in the air today until practically the last drop of gasoline was drained from the tanks and then coasted to a landing.

Kingsford-Smith and Pond announced today that another attempt would be made to break the endurance record.

The gasoline-carrying capacity of the craft will be increased before the next attempt is made, they said.

On the flight that ended today the Spirit of California started with a fuel supply of more than 1,400 gallons of gasoline.

### BUTTERMAKING TRADE POPULAR

St. Paul, Minn., Dec. 20.—(U.P.)—The buttermaking trade is proving popular, officials of University farm, division of agriculture of the University of Minnesota, said late yesterday.

Sixty persons have enrolled for the annual buttermakers' school which will open a six-weeks course on Jan. 4.

W. B. Combs, of the dairy husbandry division of the school said the course is designed to provide competent operators for 800 creameries in Minnesota and others in neighboring states.

### BLIZZARD YIELDS FROZEN BODY OF JOHN SUNDAHL

Moorhead, Minn., Dec. 20.—(U.P.)—The frozen body of John Sundahl, 19, has been found, adding to the toll of death and suffering in the northwest during the recent snowstorms.

The victim was last seen alive when the truck in which he and two brothers were riding was stalled in a snow-drift. He left his brothers then and was missing until the body was found in a snowbank.

Parents of the victim, Mr. and Mrs. Ben Sundahl, live near Glyndon, Minn.

### WOMAN CLUTCHING CHILD LEAPS TO DEATH OF BOTH

New York, Dec. 20.—(U.P.)—An unidentified woman clutching a small child, about 4, in her arms leaped from a sixth floor window of a Brooklyn apartment house to the pavement below.

The child was killed in the fall. The woman died shortly after being admitted to Kings county hospital.

### ERRATIC TATTOO IS PICKED UP BY THE OSCILLATOR

SISTER SUBMARINE S-8 STATIONED OVER SPOT WHERE S-4 SANK

MESSAGE TAPPED OUT FROM ABOVE IS ANSWERED BY MEN BELOW

By BOYD LEWIS  
(United Press Staff Correspondent)

Aboard Trawler James M. Burke, off Woods End, Cape Cod, Mass., Dec. 20.—At 9:33 A. M. today signals were still coming, though faintly as if the effort was almost too much, from the men imprisoned in the torpedo room of the sunken submarine S-4.

At that hour the signals were more of an erratic tattoo as they were picked up by the oscillator of the submarine S-8 which is stationed over the spot where its sister ship is resting on the ocean's bottom.

All through the night the men on the S-8 sent messages to the S-4, hoping to get some response.

For seven hours they tapped out the signal on the oscillator:

"Your wife and mother are constantly praying for you."

It was addressed to Lieutenant Graham Newell Fitch, the ranking officer among the six men trapped within the submarine.

At 6:20 A. M. the message was acknowledged from within the submarine, showing not only that the men were alive but that they still retained at least sufficient consciousness to comprehend the message.

From then on constant communication was maintained, although the response from within the submarine steadily grew weaker and for the most part were incoherent.

At 9:30 A. M. the salvage fleet was further heartened by the sighting of the great floating cranes Monarch and Century, with heavy hoisting apparatus, in tow of tugs, off the Race Point guard station.

### DIVING OPERATIONS TO BE RESUMED

Boston, Dec. 20.—"Everything is ready for diving to begin," Rear Admiral Brumby, directing rescue operations on the S-4, said in a radio message today.

Brumby sent the message to Rear Admiral Philip G. Andrews of the Charlestown navy yard. It read:

"In answer to your message regarding S-4 torpedo tube for supplies. Everything in readiness for diving to begin."

"Will endeavor to put oxygen flask, soda lime, food and flashlight through torpedo tube providing tubes can be reached by divers, which may not be possible until divers wash mud down so as to expose tube," the message said.

"All available information from chart, soundings and divers shows S-4 lying in deep mud."

"One diver went into mud up to his hips abreast conning tower (during diving operations Sunday) and was pulled out with difficulty."

"Another diver found mud high along bow due to scooping action when submarine struck."

"S-4 listing on even keel heading southwest slightly down by head, 1,700 yards, 140 degrees off Wood End Light in 105 feet of water."

"Weather and sea conditions have not improved since last report."

### NAMES OF SIX IN COMPARTMENT GIVEN

Provincetown, Mass., Dec. 20.—The six men trapped in the torpedo chamber of the S-4 were named by Rear Admiral R. F. Brumby in a radio message early today as:

Lieut. Graham N. Fitch, Washington, D. C.

Joseph L. Stevens, Providence, R. I.

Roger I. Short, Booneville, Mo.

Russell A. Crabb, San Diego, Cal.

Frank Snizek, Ridgefield, N. J.

## BOY ASKS TO BE SENT TO REFORMATORY

St. Paul, Minn., Dec. 20. — (UP) — "I want to be sent to the reformatory," a 19-year old boy said yesterday when arraigned in district court on an automobile theft charge.

Judge Carlton F. McNally Campbell, sentencing him to not more than 10 years in the reformatory at St. Cloud.

The youth told Judge McNally his name was Harold Clark and that his home was in Wendell, Idaho.

When more thoroughly questioned he said he did not want his mother to know "I'm in trouble again," indicating that he had given a fictitious name.

After making his plea for a reformatory sentence Judge McNally said "that's an unusual request—the first I've ever had. What's your reason?"

"I've been in juvenile court three times and in each case I've been put on probation and sent home. Each time I got into trouble again. The reformatory might do me good," the youth answered.

## BOY ASKS TO BE SENT TO REFORMATORY

St. Paul, Minn., Dec. 20. — (UP) — "I want to be sent to the reformatory," a 19-year old boy said yesterday when arraigned in district court on an automobile theft charge.

Judge Carlton F. McNally Comptel, sentencing him to not more than 10 years in the reformatory at St. Cloud.

The youth told Judge McNally his name was Harold Clark and that his home was in Wendell, Idaho.

When more thoroughly questioned he said he did not want his mother to know "I'm in trouble again," indicating that he had given a fictitious name.

After making his plea for a reformatory sentence Judge McNally said "that's an unusual request—the first I've ever had. What's your reason?"

"I've been in juvenile court three times and in each case I've been put on probation and sent home. Each time I got into trouble again. The reformatory might do me good," the youth answered.

## 2 PLEAD GUILTY TO CAR THEFT

St. Paul, Minn., Dec. 20. — (UP) — Merle Thomson, 17, and Robert Morphet, 19, pleaded not guilty in district court here late yesterday when arraigned on charges of automobile theft. Their cases were continued.

Thomson is said to be escaped inmate of the Red Wing training school.

## SIGNALS STILL FAINTLY COMING FROM HULK OF SUB

(Continued from page 1)  
The latter name was believed garbled. It was thought the man meant might be George Peinar, of Omaha, Neb.

Admiral Brumby's message did not say how the names were obtained. It was assumed they were picked up by oscillator signal but he did not say at what hour, so that the message did not furnish any clue as to whether the men were still alive.

Provincetown, Mass., Dec. 20.—The only hope of raising the S-4 lies in the pontoon system that was used in the case of the S-51 when she sank off Block Island in 1925.

Before it can be accomplished, however, the men would be dead beyond a doubt unless oxygen could be sent them immediately.

The drama of the fight to save the six men reached its peak today, with the rescuers, doubting that the men were alive, still struggling on. The picture of the final, tragic scene being enacted in the torpedo room of the S-4 was always in their minds to spur them ahead.

The prison is about 36 feet long, 18 feet wide and just high enough for a man to stand without stooping. It contains six bunks with blankets, so that the men, with their vitality low, would be able to keep warm. The temperature would be extremely chilly, about 37 degrees.

Navy men here pictured the prisoners as lying on their bunks and indulging in little activity. It was believed Lieut. Fitch, with his trained knowledge, would have them do that.

It was the only hope navy men had that life might exist among the six. By suspending animation as much as possible, breathing slowly and only a little at a time, they might double their period of life. Hence, even if the last of the oxygen had been released in the compartment, they might breathe the poisoned air over and over and still keep alive.

The absence of tapping signals during the night would not necessarily mean, therefore, the men were dead. They might be refraining from activity to stay alive.

Washington, Dec. 20.—The gale hampering rescue work at the scene of the S-4 disaster will continue with practically no abatement for at least 24 hours more, the weather bureau forecast today. The storm centers

over Newfoundland and takes in an area of many states.

The bureau ordered northwest storm warnings posted from Portland to Eastport, Me.

ROY ROGERS AND ROY SHEA EACH SENTENCED, 15 YEARS PRISON

Huron, S. D., Dec. 20.—(UP)—Roy Rogers, Twin City police character, and Roy Shea of Sioux City, Ia., are under sentence today of 15 years each in the state penitentiary. They were convicted in district court here last week on charges of robbing the Farmers and Merchants bank last June.

Judge Alva E. Taylor first sentenced Rogers Monday and later in the day passed sentence upon Shea.

Two others are serving sentences for the same offense. They are Pat Hanley and P. T. Driscoll, well known underworld characters of Iowa and Minnesota.

## HIGH SCHOOL BOY SOUGHT AS GIRL SLAYER

(Continued from page 1)  
that Hickman is the murderer of Marion Parker," Cline announced. "All officers have been ordered back to duty to join in the hunt."

The report that Hickman had been seen in a garage in the heart of the downtown district was made by Jack Ward, a garage attendant.

Ward identified the profile of Hickman as the youth who appeared at the garage and asked for five gallons of gasoline.

The youth was driving a blue coupe, according to Ward, and after obtaining gasoline, requested a head-light bulb.

When Ward went inside the station to get the bulb, the suspect quickly started his engine and drove away before Ward could stop him.

With the identification of Hickman, police declared the motive of the crime was revenge. Hickman was employed as a clerk in the First National Bank and Trust Company of Los Angeles, of which Marion's father, Perry M. Parker, is assistant cashier.

Following his plea of guilty to a forgery charge and dismissal from the bank, Hickman made threats against Parker, officers said.

Pictures of Hickman taken at the time of his arrest on the forgery charge last summer were identified by five persons today as that of "The Fox."

Among those clinching identification was the school teacher who permitted Marion to leave school at noon last Thursday, when "The Fox" appeared with a story that the

child's father had been injured in an auto accident.

A bloody towel gave police the first clue to what Cline claims to be "positive identification" of "The Fox."

Records in the identification bureau revealed a single thumb print found on the towel was similar to Hickman's.

Later the finger prints on Hickman's identification card were found to be identical with others on the automobile used by the sneering murderer in returning Marion's body to her father.

Portland, Ore., Dec. 20.—Arthur Chase, Portland policeman, reported today that a youth answering the description of Edward Hickman, wanted in Los Angeles for the murder of 12-year-old Marion Parker, was seen in Portland this morning.

"He was changing a tire and asked about the road conditions to Wenatchee, Washington," Chase said. "I advised him to go by way of Biggs, Oregon."

## RAILROAD VALUATION CASE HEARD SOON BY FEDERAL COURT

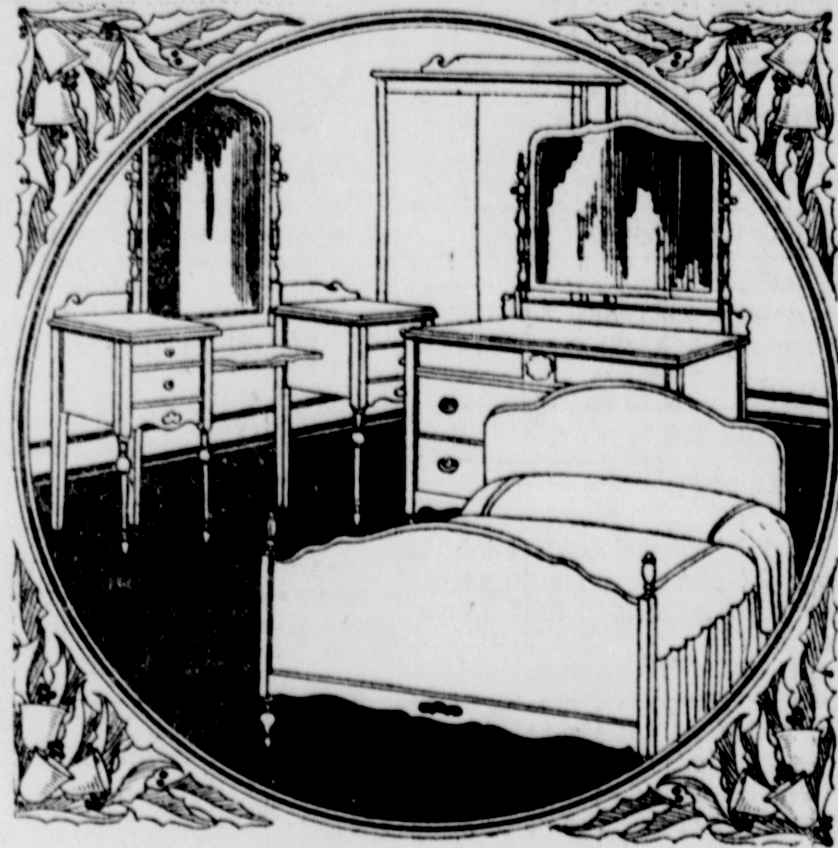

St. Louis, Mo., Dec. 20.—(UP)—The special federal court which heard the St. Louis and O'Fallon railroad valuation case has granted the road permission to appeal the recent adverse decision direct to the supreme court.

The court's decision in the case upheld the Interstate Commerce commission's method of railroad valuation—the prudent investment theory—as opposed to the road's contention

the property should have been valued on the basis of reproduction new.

As the case affects virtually every

railroad in the country, the ultimate issue involved is approximately \$15,000,000,000.

'LINDY' TOO GOOD TO BE TRUE

THE country will welcome Colonel Lindbergh's decision to visit the Central American countries and Cuba after leaving Mexico. We even hope that matters may be so arranged that he can visit the South American countries as well.

"Lindy" continues to remain a marvel. Throughout the long ordeal he has been subjected to since he completed his flight to Paris, he has never made a misstep, never sounded a false note, and never been betrayed into a cheap attitude. His sense of taste has been impeccable, and the consistent dignity of his course, in one so young, has been little short of amazing. At the same time respect for his genius as a flier has grown rather than diminished. The uniform success of all his flights, great and small, has not passed unnoticed; and no one any more supposes that his flight across the Atlantic was merely a lucky break.

Lindbergh is unquestionably the most popular individual in the world today. That is an extraordinary position for a man of his years to attain; and this is due, in part at least, to his personality. Any flier who had made the New York-to-Paris flight would inevitably be a world-figure; but a flier with a different personality might readily have stirred up enmities by tactless outbursts. If Mr. Levine, for example, had the Lindbergh record as a flier behind him, would he have the same value to the United States as an emissary that Lindbergh has? The mere posing of the question is enough to provide a laugh everywhere. Yet the thought should be kept in mind that Lindbergh's brilliant flying achievements are by no means the sole source of his popularity.

The reports of the enthusiasm stirred up by his visit to Mexico demonstrate anew his unique value to the United States. At the very moment that the United States senate was investigating certain charges which hinted that the Mexican government had been seeking to corrupt American officials, the Mexican Chamber of Deputies was resounding with cheers for President Coolidge. It is said that this is the first time an American president was ever cheered in the Mexican Chamber of Deputies. While such an ovation would be remarkable under any circumstances, it becomes doubly remarkable when one considers that the incidents occurring at Washington would strain the relations of the two friendliest countries in the world. The magic of Lindbergh was such that he conquered whatever feeling of irritation existed in the Mexican Chamber of Deputies against the United States the moment he appeared. In all its history, the United States has never had an envoy who could perform such miracles. The boy is simply too good to be true.—*Minneapolis Tribune*.

## BEST THING ABOUT VISITS TO FARMS

THE best thing about visits to farms to see the pigs, calves and sheep is not in seeing pigs, calves and sheep. The best thing is seeing the boys and girls, and the next best thing is seeing the farmers and their wives. A little more of fellow-feeling comes with each such visit.

The best thing about a dinner given by farmers to city business men, or to other way around, is not the dinner, though that is always good; nor the program, though that is worth hearing. It is the pleasure of getting better acquainted with the man at your left and the man at your right; and, if they would only stop singing a minute, the one across the table from you. In short, such visits and dinners lead to real fraternization that makes for better understanding and smooths out friction.

A man can hold a grudge a long time against another who will not turn out, when apparently he can, and ought to; but when the two have had their legs under the same table, or swapped yarns in the same dooryard, it becomes usually a case of two friends, one of them in a rut that he cannot get out of, and the other one who is delayed is glad to wait until the rut comes to an end, or help his friend out.

Let no person think that the only ruts are those on country roads. Some business men get into deeper ones than anybody else.—*Fergus Falls Tribune*.

## ST. PAUL'S AIRPORT

WE are talking of an airport in Brainerd and it behooves us to pay attention to what St. Paul is doing in this regard. According to an article George H. Herrold, city planning engineer, wrote in The American City, St. Paul has one of the best locations for an airport for a city of its size.

It is 7,500 feet from the airport to the commercial postoffice adjoining the union depot. The 90-acre tract lies along the public levee on the Mississippi river. It will cost \$83,250 for a fill to bring the field to the desired level.

There will be two large hangars, each 100 feet square, and six small ones. One of the large ones is almost completed, the contract price being \$16,953. Other structures on the field will be an administration and field control building, a radio station, a general repair shop and a fire station.

A paved highway to the airport has been completed. The runways of the field have a total width of 400 feet. The east and west runways will enable a plane to make a 2,500-foot run, and the diagonal runway a 3,300-foot run. The installation of flood lighting around the boundary is now under way.

## CARS AND CARELESSNESS

THE Winona Republican Herald in speaking of cars and carelessness, makes note of the fact that automobiles occasionally hit trains. We wonder if a railway company has ever sued any one for colliding with its rolling stock.

The Pere Marquette railway, says the Herald, has been checking up on the automobiles demolished by its trains in grade crossing accidents. It found that of the 19 cars so involved in the month of October, nine of them hit the train. It found also that all of the 19 were either old cars or cheap ones.

That seems to indicate that drivers of new cars or expensive ones are more careful at railroad crossings. It doesn't mean that drivers of old or cheap cars held their own lives cheaply, but that they simply are careless of material damage and so take risks which they would not take with better cars.

We don't want a law abolishing old cars, so there doesn't seem to be any remedy except the old, familiar ones of constantly preaching safety first, eliminating as many grade crossings as possible and putting up adequate protections and warnings.

The public spirit shown by the Water and Light Board in its holiday decoration of the streets has created much favorable comment on the part of residents and visitors.

## DODGE BROTHERS ADD FOUR-WHEEL BRAKES

Dodge Brothers, Inc., is now equipping all passenger cars in its "128" line of fours with the latest and most efficient type of steel draulic (mechanical) four-wheel brakes, a company announcement today states. The cars comprising the "128" line are the de luxe sedan, the sedan, the coupe and the cabriolet roadster. The new four-wheel brakes are of the expanding band type, operating mechanically on 12 inch drums. They can be operated with the lightest foot pressure and make possible absolutely uniform braking on all four wheels. Although they constitute a major improvement to Dodge Brothers four cylinder line they are being added at no extra cost to the purchaser. The de luxe sedan, in fact, is being reduced \$25 and will hereafter sell at \$950 f. o. b. Detroit. Prices of all other types with four-wheel brakes remain the same. ## OFFER DESIGNED

TO GET HER SAILOR

LADDIE BACK

Doylestown, Pa., Dec. 20.—(UP)—Mary Graser, 18, who last week offered to marry any one who would present her with \$10,000, admitted today that the offer was designed to get her boy friend, a sailor, to return to her.

"I went to Brooklyn to meet him and get married some time ago but

he didn't show up so I came back and advertised for a husband," she said. "I got letters from more than 35 men but I wouldn't marry any of them."

But the sailor, according to Mary's father, evidently did not hear of her offer as he had not returned.

## "LINDY" TOO GOOD TO BE TRUE

THE country will welcome Colonel Lindbergh's decision to visit the Central American countries and Cuba after leaving Mexico. We even hope that matters may be so arranged that he can visit the South American countries as well.

"Lindy" continues to remain a marvel. Throughout the long ordeal he has been subjected to since he completed his flight to Paris, he has never made a misstep, never sounded a false note, and never been betrayed into a cheap attitude. His sense of taste has been impeccable, and the consistent dignity of his course, in one so young, has been little short of amazing. At the same time respect for his genius as a flier has grown rather than diminished. The uniform success of all his flights, great and small, has not passed unnoticed; and no one any more supposes that his flight across the Atlantic was merely a lucky break.

Lindbergh is unquestionably the most popular individual in the world today. That is an extraordinary position for a man of his years to attain; and this is due, in part at least, to his personality. Any flier who had made the New York-to-Paris flight would inevitably be a world-figure; but a flier with a different personality might readily have stirred up enmities by tactless outbursts. If Mr. Levine, for example, had the Lindbergh record as a flier behind him, would he have the same value to the United States as an emissary that Lindbergh has? The mere posing of the question is enough to provide a laugh everywhere. Yet the thought should be kept in mind that Lindbergh's brilliant flying achievements are by no means the sole source of his popularity.

The reports of the enthusiasm stirred up by his visit to Mexico demonstrate anew his unique value to the United States. At the very moment that the United States senate was investigating certain charges which hinted that the Mexican government had been seeking to corrupt American officials, the Mexican Chamber of Deputies was resounding with cheers for President Coolidge. It is said that this is the first time an American president was ever cheered in the Mexican Chamber of Deputies. While such an ovation would be remarkable under any circumstances, it becomes doubly remarkable when one considers that the incidents occurring at Washington would strain the relations of the two friendliest countries in the world. The magic of Lindbergh was such that he conquered whatever feeling of irritation existed in the Mexican Chamber of Deputies against the United States the moment he appeared. In all its history, the United States has never had an envoy who could perform such miracles. The boy is simply too good to be true.—*Minneapolis Tribune*.

## BEST THING ABOUT VISITS TO FARMS

THE best thing about visits to farms to see the pigs, calves and sheep is not in seeing pigs, calves and sheep. The best thing is seeing the boys and girls, and the next best thing is seeing the farmers and their wives. A little more of fellow-feeling comes with each such visit.

The best thing about a dinner given by farmers to city business men, or to other way around, is not the dinner, though that is always good; nor the program, though that is worth hearing. It is the pleasure of getting better acquainted with the man at your left and the man at your right; and, if they would only stop singing a minute, the one across the table from you. In short, such visits and dinners lead to real fraternization that makes for better understanding and smooths out friction.

A man can hold a grudge a long time against another who will not turn out, when apparently he can, and ought to; but when the two have had their legs under the same table, or swapped yarns in the same dooryard, it becomes usually a case of two friends, one of them in a rut that he cannot get out of, and the other one who is delayed is glad to wait until the rut comes to an end, or help his friend out.

Let no person think that the only ruts are those on country roads. Some business men get into deeper ones than anybody else.—*Fergus Falls Tribune*.

# BRAINERD HIGH TO PLAY STAPLES AT STAPLES TONIGHT

## GAME IMPORTANT, IS 1ST CONFERENCE GAME OF LOCALS

GAME WITH BEMIDJI HIGH AT BRAINERD PLAYED ON FRIDAY

BEMIDJI RECENTLY DEFEATED CROSBY-IRONTON 24 TO 21

Braierd high school basketball team will play Staples at Staples tonight, the first appearance of the locals in a conference game. They are going by chartered taxis and Coach Warren Kasch is taking ten men.

The game with Bemidji high at Braierd Friday night is not a conference game, but important notwithstanding. The strength of Bemidji was revealed in their game with Crosby-Ironton, in which the northern Minnesota quint defeated the range squad 24 to 21. Bemidji has a center 6 feet 2 inches tall and the offense has been developed around this tall boy.

Coach Kasch will soon have some important announcements to make in regard to basketball practice at the high school gym, and all grade school boys interested in the cage sport should take notice.

Mr. Kasch said: "I will have some of my high school boys coach the grade school boys under my supervision. It is hoped that the first practice can be held next Saturday, December 24."

Last Tuesday at a special assembly the high school football team received their letters. Sixteen men received letters for their work during the past season, being Captain Lester Greger, one of the best tackles in the district; Winel Barnes end on second Central Minnesota all star team; Charles Welliver, Russell LaCourse, Henry Hanson, also on the all star team; Joe Greener, John Ellison, and Walter Hautala mentioned on all star team; Herman Bushner; Captain-elect Earl Fuller, Harry Goedgerz, Carrol Guin, Ernest Fox, Frank Wise, Lawrence Swanson. Arthur Hautala will be left for another season.

Telegrams that were received during the season from the business men of Braierd were given to the boys

as tokens of remembrance of the season.

The basketball team is practicing daily in the hopes of getting the team to work as smoothly as possible. Coach Kasch has a large squad out for the purpose of giving future Braierd players the necessary fundamentals. The squad is so selected that there are freshmen, sophomores and juniors on the squad, providing the members have the necessary ability to make the squad. This will give the boys a chance to get accustomed to each other and the benefits derived will be evident in another year.

The freshmen on the squad are Schuety, Halvorson, Marshall, Hay and Nelson. The sophomores are Dybvik, Hoffbauer, A. Hautala, E. Anderson, Goedgerz, Guin, Paine, Foster, Kleven. The juniors are Swanson, Wise, Purdy, Fuller and Gabiou. The seniors are Barnes, W. Hautala, LaCourse and Welliver.

## AMBITIOUS ATHLETES TRAIN FOR PLACE ON OLYMPIC TEAM

New York, Dec. 20.—(UP)—In every section of the country ambitious athletes have started training in the hopes of being selected on the American Olympic team which will go to Amsterdam next summer.

Hockey players, skaters, boxers, wrestlers, and track and field athletes all are in training.

The National A. A. U. has received word that some of the outstanding stars, upon whom the most of America's hopes are concentrated, are beginning to near shape for the preliminary contests that will decide the personnel of the American team.

Roland Locke, former Nebraska university dash star, and record holder for the 220, was understood to be in good shape and to have started training for the Olympic tryouts. He was bothered by infected tonsils last year. Chief Fatt Elkins, Indian American decathlon champion, is in training.

Up in Boston, Jack Ryder, veteran coach of the Boston Athletic association, had a number of charges under his personal supervision. Among them were Lloyd Hahn, America's best miler, and Leo Lermond, long distance runner. Ryder said both Hahn and Lermond were "certainties" for the 1928 American team.

## Who's Who On The American Legion Team

Whitlock, Center  
Whitlock, one of the best floor men ever to be turned out of the local high school, is playing the pivot position on the American Legion team and weighs about 148 pounds and is 5 feet 7 inches in height.

Having played with the local high school three years and proved a scoring ace and being classed as one of the trickiest floor men in this section, Whitlock will be a great cog in the local team this year. His eye for caging baskets is deadly and feared by all opponents.

## SORE THUMB IS HANDICAP TO BOB O'FARRELL

St. Louis, Mo., Dec. 20.—(UP)—Pending outcome of an operation to remedy an injured thumb on the throwing hand of Bob O'Farrell, star catcher and former manager of the St. Louis Cardinals, President Sam Breadon intends to retain Frank Gibson, recently acquired from Boston, as first reserve catcher.

The San Antonio club of the Texas league has been angling for Gibson's services as manager, but Breadon indicated he would order Gibson's permanent stay here in event O'Farrell's thumb does not mend. Dr. Robert F. Hyland, club physician, estimated several weeks would be required to determine the success of the operation. O'Farrell underwent the operation yesterday to remove a bone chip from the first joint of the thumb. It was caused by a foul tip from the bat of Hughie Critz in a game at Cincinnati last September.

MILITARY AND NAVAL ACADEMIES DIFFICULTIES OVER PLAYER'S ELIGIBILITY

RESOLUTIONS ARE OFFERED BY CONGRESSMEN BRITEN AND FISH

Washington, Dec. 20.—(UP)—Prompt action will be sought by sponsors of two moves in the house designed to smooth out differences between the military and naval academies so they may continue their annual football classic.

Resolutions by Rep. Britten, Ill., and Fish, N. Y., asking the secretaries of war and of the navy to seek a compromise, went today to the military affairs committee, where they will be taken up after the holidays.

"There is no hurry," Fish said today, "but I will press for action after Christmas."

Both he and Britten feel confident a compromise agreement can be reached. Fish is from the West Point district in New York. He suggested the Army adopt a four-year eligibility rule if it would not accept the three year rule suggested by Annapolis.

"It is not in the interest of football or the academy to solicit appointments for outstanding college stars and then permit them to play an additional three years at West Point," Fish said.

"Captain Wilson of this year's West Point team has been playing college football for seven consecutive years and Capt. Hewitt of last year's team had a similar record."

Betting Commissioner  
Sues Rogers Hornsby  
For Sum of \$45,075

Clayton, Mo., Dec. 20.—(UP)—Testimony was resumed in circuit court here today in the case of Frank L. Moore, Newport, Ky., betting commissioner, who charges Rogers Hornsby, baseball star, owes him \$45,075 as a result of a mutual betting partnership. The issue in the case hinges on Hornsby's conception of the binding nature of various financial obligations which he admitted incurring with

Moore. He contends all of the legitimate debts have been paid, and that any others are not binding. Moore, Hornsby and Mrs. Hornsby—the latter an alleged important factor in the partnership—were in court but guardedly refrained from fraternalizing. Things once were different, according to Tom Rowe, counsel for Moore, who showed the jury photographs of Moore garbed in a St. Louis Cardinal uniform.

Bruce Caldwell, the most unfortunate youngster of the 1927 football season, has a big opportunity next Monday to justify the fairly unanimous verdict that he was the greatest half-back of the year.

When the crushing blow which exposed him as ineligible on the eve of the Princeton game put an end to Caldwell's football career as far as his representing Yale was concerned, Bruce left the gridiron with the great question of his ability unanswered.

Now he is back in uniform, working out with the All-Eastern collegians at San Francisco in preparation for next Monday's game against an All-Western team.

By rights, Bruce should be the star of that contest. But football is an uncertain sort of game, and when a player is over-anxious to give his best he occasionally does not. Caldwell may not stand out brilliantly among the powerful All-America stars who will be on the field that afternoon, but I expect him to do so.

The Yale youngster will have his own erstwhile ends, Dwight Fishwick and Stew Scott to pass to, which will be an advantage. A powerful All-Eastern line should give him every opportunity to get started, while if he can get off some of those amazing punts of his from close formation, the All-Western team is in for a troublesome afternoon.

The All-Eastern team is comprised of many All-America stars, and is one of the strongest aggregations that ever went into a huddle.

Scott and Fishwick are as fine a pair of ends as could be found in the East. Walsh of Notre Dame and Atkinson of Lafayette can relieve the Yale boys on the wings at any time without any appreciable loss of power or speed.

The first string tackles, Douds of Washington and Jefferson and Randels of Nebraska, belong on any man's All-America squad. Weinstock of Western Maryland is a great tackle whose work in 1927 scarcely received proper recognition.

As for the guards, one need look no farther than Hansen of Minnesota and Baer of Michigan, with Pauly of W. & J., one of Coach Andy Kerr's favorite linemen, in reserve.

Grigsby of Georgetown, next to Charlesworth of Yale, was the best center in the East last fall, in addition to which the All-Easterners have Reitsch of Illinois as a substitute pivot man.

Hawley, of the Haskell Indians, is a powerful linesman who can fill in at any position where he may be needed.

"Shorty" Almquist of Minnesota's unbeaten eleven, and Jack Connor of N. Y. U., the best field general in the East, are the quarterbacks.

At half, there will be Bruce Caldwell, ball carrier, kicker and passer extraordinary with Presnell of Nebraska as his running mate. And when any more ground than this pair gains is needed, pass the ball to one of the three fullbacks: Joesting, Minnesota; Amos, Washington and Jefferson; Elmer Wynne, Notre Dame.

Those of us who only witnessed eastern and middle western football, with an occasional southern or Pacific Coast team in action, are not qualified to discuss the strength of the All-Western team as compared with this powerful squad which Andy Kerr is putting through its final paces at San Francisco.

But from what happened during the gridiron season of 1927, it would seem quite safe to install the All-Easterners decided favorites for Monday's game.

# BRAINERD HIGH TO PLAY STAPLES AT STAPLES TONIGHT

## GAME IMPORTANT, IS 1ST CONFERENCE GAME OF LOCALS

GAME WITH BEMIDJI HIGH AT BRAINERD PLAYED ON FRIDAY

BEMIDJI RECENTLY DEFEATED CROSBY-IRONTON 24 TO 21

Braierd high school basketball team will play Staples at Staples tonight, the first appearance of the locals in a conference game. They are going by chartered taxis and Coach Warren Kasch is taking ten men.

The game with Bemidji high at Braierd Friday night is not a conference game, but important notwithstanding. The strength of Bemidji was revealed in their game with Crosby-Ironton, in which the northern Minnesota quint defeated the range squad 24 to 21. Bemidji has a center 6 feet 2 inches tall and the offense has been developed around this tall boy.

Coach Kasch will soon have some important announcements to make in regard to basketball practice at the high school gym, and all grade school boys interested in the case sport should take notice.

Mr. Kasch said: "I will have some of my high school boys coach the grade school boys under my supervision. It is hoped that the first practice can be held next Saturday, December 24."

Last Tuesday at a special assembly the high school football team received their letters. Sixteen men received letters for their work during the past season, being Captain Lester Creger, one of the best tacklers in the district; Winel Barnes end on second Central Minnesota all star team; Charles Welliver, Russell LaCourse, Henry Hanson, also on the all star team; Joe Greener, John Ellison, and Walter Hautala mentioned on all star team; Herman Bushner; Captain-elect Earl Fuller, Harry Goedkerz, Carrol Guin, Ernest Fox, Frank Wise, Lawrence Swanson, Arthur Hautala will be left for another season.

Telegrams that were received during the season from the business men of Braierd were given to the boys

## SEEK TO SMOOTH OUT ARMY-NAVY GRID GAME ROW

as tokens of remembrance of the season.

The basketball team is practicing daily in the hopes of getting the team to work as smoothly as possible. Coach Kasch has a large squad out for the purpose of giving future Braierd players the necessary fundamentals. The squad is so selected that there are freshmen, sophomores and juniors on the squad, providing the members have the necessary ability to make the squad. This will give the boys a chance to get accustomed to each other and the benefits derived will be evident in another year.

The freshmen on the squad are Schuety, Halvorson, Marshall, Hay and Nelson. The sophomores are Dybvik, Hoffbauer, A. Hautala, E. Anderson, Goedkerz, Guin, Paine, Foster, Kieven. The juniors are Swanson, Wise, Purdy, Fuller and Gabiou. The seniors are Barnes, W. Hautala, LaCourse and Welliver.

### AMBITIOUS ATHLETES TRAIN FOR PLACE ON OLYMPIC TEAM

New York, Dec. 20.—(UP)—In every section of the country ambitious athletes have started training in the hopes of being selected on the American Olympic team which will go to Amsterdam next summer.

Hockey players, skaters, boxers, wrestlers, and track and field athletes are all in training.

The National A. A. U. has received word that some of the outstanding stars, upon whom the most of America's hopes are concentrated, are beginning to near shape for the preliminary contests that will decide the personnel of the American team.

Roland Locke, former Nebraska university dash star, and record holder for the 220, was understood to be in good shape and to have started training for the Olympic tryouts. He was bothered by infected tonsils last year.

Chief Falt Elkins, Indian American decathlon champion, is in training. Up in Boston, Jack Ryder, veteran coach of the Boston Athletic association, had a number of charges under his personal supervision. Among them were Lloyd Hahn, America's best miler, and Leo Lermond, long distance runner. Ryder said both Hahn and Lermond were "certainties" for the 1928 American team.

Whitlock, one of the best floor men ever to be turned out of the local high school, is playing the pivot position on the American Legion team and weighs about 148 pounds and is 5 feet 7 inches in height.

### SORE THUMB IS HANDICAP TO BOB O'FARRELL

St. Louis, Mo., Dec. 20.—(UP)—Pending outcome of an operation to remedy an injured thumb on the throwing hand of Bob O'Farrell, star catcher and former manager of the St. Louis Cardinals, President Sam Breadon intends to retain Frank Gibson, recently acquired from Boston, as first reserve catcher.

The San Antonio club of the Texas league has been angling for Gibson's services as manager, but Breadon indicated he would order Gibson's permanent stay here in event O'Farrell's thumb does not mend. Dr. Robert P. Hyland, club physician, estimated several weeks would be required to determine the success of the operation.

O'Farrell underwent the operation yesterday to remove a bone chip from the first joint of the thumb. It was caused by a foul tip from the bat of Hughie Critz in a game at Cincinnati last September.

BRAINERD HIGH SCHOOL, TUESDAY, DECEMBER 20, 1927

NUMBER 14

## BRAINERD TAKES FIRST CAGE GAME

LOCALS DEFEAT PEQUOT IN FIRST GAME BY SCORE OF 59-11

Brainerd started its basketball season the same way it did in football, by a victory over Pequot and an overwhelming one at that, 59-11. Although the game was not so very interesting, rather one-sided, it showed the good and bad points of both teams. The Blue and Whites proved very strong on offense and had very little chance to prove their strength in defense because the ball was in their possession most of the time.

The team proved to be very well organized, showing great skill in teamwork and basket shooting, although it took them a while to get their range. "Franky" Wise had the honor of sinking the first basket. Fouls were another item. Both teams had a considerable number of fouls called on them. The game did not appear to be rough but Referee Peterson was calling them close.

The local boys got their game won in the first half, the score being 38 to 8. Pequot desperately tried a comeback in the second half but failed. They realized their only chance left was in long shots and these also failed; thus the game ended 59-11.

The line-up follows:  
Brainerd—field goals: Swanson, 7; Wise, 8; Guin, 6; Barnes, 2; Goedderz, 6; Fuller, 2; free throws: Swanson, 0 out of 1; Wise, 2 out of 3; Goedderz, 0 out of 1.

Subs—LaCourse for Swanson; Welliver for LaCourse; Schuety for Wise; Purdy for Guin; Fuller for Barnes; Hautala for Fuller.

Pequot—field goals: G. King, 1; Knutson, 0; Wagner, 1; Gutz, 1; Wagner, 0; free throws: G. King, 1 out of 1; Knutson, 1 out of 1; Wagner, 0 out of 2; Gutz, 0 out of 1; Wagner, 2 out of 2.

Subs—Knutson for Clive.

### Whites Win in Preliminaries

The preliminary for the Pequot game was played by the Blues and Whites, two teams composed of all of the players of the first squad.

The teams were well divided, the outcome uncertain until the final blow of Referee Beggs' whistle when the Whites were victors by defeating the Blues, 18-16.

Both teams displayed good team play but ragged receiving of the ball evidenced the need of practice before the new material will be properly equipped to meet the more experienced squads of the neighboring towns.

The letter girls showed speed and accuracy of shot and many of the first year's girls gave promise of future brilliance.

Edna Fogelstrom was the high scorer of the Whites. Irene Molstad scored most points for the Blues.

Scoring is as follows:  
Whites—Field goals: E. Fogelstrom (Capt.), 4; H. Dybvik, 1; A. Wahlstrom, 2; free throws: E. Fogelstrom, 2 out of 4; H. Dybvik, 1 out of 2; A. Wahlstrom, 1 out of 1.

Blues—free throws: D. Klieven (Capt.), 2; L. Palmer, 2; I. Molstad, 4; free throws: I. Molstad, 0 out of 1.

## CLUB TEA IS VERY ENJOYABLE

CHRISTMAS CAROLS, READINGS, INSTRUMENTAL NUMBERS ON PROGRAM

A most enjoyable meeting was held of the Commercial club members. Because the gym was being used for another occasion Wednesday evening, the officers of the club decided to hold a tea Wednesday after school.

After a short business meeting the following musical program was rendered:

1. Reading—Doubling up for Santa Claus—by Mildred Prentice.  
Piano solo—Rustle of Silk—by Billy McClenahan.

3. Christmas Carols—Collette Mraz, Eva Hanski, Thelma Jones, Dorothy Hass, accompanied by Margaret Springer and Victoria Bourgeois.

4. Violin Solo—Simple Aveu—by Victor Bourgeois, accompanied by Billy McClenahan.

5. Community Singing—lead by Kathleen Early, accompanied by Eva Hanski.

Much credit is due Miss Amundson and the refreshment committee for the delicious lunch which was served consisting of tea, sandwiches and macaroons. The sewing room was attractively decorated and the tea thoroughly enjoyed by all.

## BRAINONIAN PLAYS ON WEDNESDAY

WILL TAKE PLACE AT THE HIGH SCHOOL GYM AT 8:15 O'CLOCK

At last the Brainonian plays are here. They will be given in the high school gymnasium on Wednesday, the twenty-first at eight fifteen P. M., to make it possible for those in the stores to get up to school after working hours. In the first play "A Girl Wanted," an altogether humorous farce, the cast is as follows:

"Biscuits Nelson"—Joe Greener.  
"Dad" Eliot, a senior—Allen Johnson.

"Lady Clayton"—William Johnstone.  
"Dad Eliot"—William McClenahan.  
"Elsie Jordan"—Nellrae Gillette.

This play has a clever plot and is well worth seeing.

Between the two plays a minstrel show will sing and have a little conversation which we suspect will induce some laughter.

The second playlet, "The Florist Shop," is reported to be the best of its kind. Its cast consists of:

Maud, the clerk—Doris McDonald.  
Jessie Wells—Edith Titus.  
Mr. Slovisky, the Jewish proprietor—Henry Viken.

Mr. Jackson—Donald McNamara.  
Henry, the errand boy—Guy Hawkins.

This is what you will see for the nominal sum of twenty-five and thirty-five cents tomorrow night.

You will certainly have reason to regret it if you fail to see this program.

## English Essentials Tests

## Haul Down Average

English Essential test results have been published. Brainerd, though not ranking especially high, was well up above the average. There were seventy-six high schools of Minnesota that took the test, and of these Brainerd finished fifteenth in the Sophomore—Junior—Senior test and eighteenth in the Freshmen.

These tests are given three times each year for the purpose of determining the amount of progress the schools are making in their English work. Now that the results are published, we will all be certain to work hard for the next one, so that we will be higher up in the list next time.

## CHRISTMAS PROGRAM BY SEMPER PARATUS

The Semper Paratus club is in charge of the play which is to be given Friday afternoon for the Christmas program. Miss Taylor is directing it with Miss Marshall's assistance.

The name of the play is "Mimi Lights the Candle," and the cast which was chosen from the club is:

Mimi—Katherine Sheets.  
Grandmother—Helen Marie Stadlbauer.

Mrs. Randall, Aunt Harriet—Ethel Burns.  
Mary—Louise Clausen.  
Jennie McBride—Helen Sheets.

Tim McBride—Ross Olmsted.  
Frances Randall—Lois Hanson.  
Alice Randall—Alice Nolan.

Lona or Mother—Esther Schilb.  
A few girls from the Glee club sing two Christmas songs from back stage.

The committee in charge of the program and the selecting of the players are Collette Mraz, Henry Viken, Edith Johnson.

## COACH KASCH REVIEWS SEASON

COACH KASCH GIVES SUMMARY OF FOOTBALL SEASON, PRAISING TEAM HIGHLY

Coach Kasch in a summary of this year's football season gave the assembly a few high lights in the year's first athletics, last Tuesday.

He started by remarking that Brainerd's football year started at the first practice and ended in the last game. Taken as a whole, he said, it was very successful.

When mentioning the games played against other towns he made these remarks:

"We outplayed Staples by hitting hard at the start. The game was won in the first few minutes of play. Herman Buscher practically saved the Little Falls game by his sixty-five yard run for a touchdown.

"Crosby outplayed us. They were the best team in the district and they deserved to win."

"Stevens of Aitkin was kept in the background during both games which only goes to prove that a star on a fair team is not as good as a team composed of eleven men who know their parts and play them creditably well."

"Each man did his part conscientiously and well, and each deserves praise."

"The chief feature of the Milaca game was Walter Hautala's ninety-eight yard run that never stopped until the ball was over Milaca's goal line."

He gave the substitutes their hard earned praise and he said that they would receive their reward next year when they made the team.

Mr. Kasch asked the school's support of our cheer leaders, William Johnstone and Edith Titus, because of their work in preparing and giving yells.

When he finished, letters were awarded to the sixteen men who had earned them. Each man received a little oration after which there was a flower pinned on his coat by Kathleen Early.

The assembly was dismissed after the due amount of singing and yelling lead by our cheer leaders and accompanied by Ed Tom O'Brien, on the piano.

Santa Claus surely has a lot of helpers this year. Three of the school clubs, the Hi-Y, the French club and the Seniors, are having Christmas parties.

## BURGHER COLUMN

By  
HAM and LIM

Have you bought your ticket (or tickets) for the Brainonian Plays yet. It is worth your thirty-five cents just to see William Johnstone in the role of a girl in "A Girl Wanted." If he'd only parade down the assembly the day before the plays, the whole school would go to hear him speak his piece.

Miss Graham: Why did Carter leave his home town?  
R. O.: Cause he couldn't take it with him.

Famous first words—  
Mr. Gridley—O. K. Grid.  
Mr. Eiden—By the way.

Miss Bowers—Don't you see?  
Miss Tornstrom—You know.  
Miss Reinertsen—And what not.

He who laughs last is the one who has it explained to him.

Miss Marshall: Give me a sentence using the word writhe.  
Thomas H.: I writhe at eleven every morning.

Miss Tornstrom: Do you want to join the seal drive.  
Kathleen Early: I can't drive a car and I'm afraid of horses.

Talking of Santa Claus who would win if he and Lindbergh had a race to the North Pole. Lindbergh, cause there ain't no Santa Claus.

## Mr. Gold Speaks of China at Hi-Y Supper

After the usual supper of beans with the addition of apple pie a la mode the Hi-Y listened to a very fine talk by Mr. Gold, Y. M. C. A. worker in China.

He told the Hi-Y about the Y. M. C. A. camps in China and good times, bringing out the fact that the camps are quite modern and the boys there enjoy as many sports as the boys here. He also brought out the fact that the Chinese language was easier to learn to talk than the English.

He showed the Hi-Y boys pictures to illustrate the different types of Chinese and some interesting scenery.

## CHRISTMAS BANQUET IS TO BE THURSDAY

THE EVENT WILL BE ONE OF THE MOST COLORFUL OF THE SEASON

Thursday, the twenty-third, is a red (and green) lettered day for the Seniors.

The annual Christmas banquet takes place on that day. Throughout the Senior side of the assembly you can hear at all hours: "Are you going to get a new dress for the banquet?" "What color is your dress going to be?" "What color would look best on me?" And dozens of other eager and excited exclamations. Committees have been appointed to take care of every little detail, so of course everything will go off beautifully, without a single flaw. All who are going have traded names, and will buy a present for the one whose name was drawn. All in all, we expect a glorious time, and we will depart filled full of food and fun.

## Book Review—The Other Wise Man

Do you remember that, in the Bible, we read first of four wise men starting out to follow the Star of Bethlehem, and at the end of the story, we read of only three? Henry Van Dyke has written a story telling of the other, or fourth, wise man. In this beautifully written story he tells how the wise man was separated from the others, and the adventures he had alone. One Sunday night this story was read over the radio, and during pauses in the reading, various renditions of "Silent Night" were given. I am sure anyone who was listening in was interested, and did not tune off until the end of it.

Of all the things we think we'll get, Do you think that we would miss One little article of clothing or food, That would give to them such bliss?

So Seniors, come on, donate one thing To give this family joy. We ought to be glad we can go to school And are not some poor little boy.

This week's poem is "Twas the Night before Christmas." The best sellers among the short stories are, or ought to be, "The Christmas Carol" and "The Birds' Christmas." And, of course, any number of songs could be named for this week—"Silent Night," "Hark, the Herald Angels Sing," and others.

## What A Charming Home!

As warm as the house they have just left is this visitor's praise for the home heated with Dock Coal.

You, too, can add just another charming quality to your own home by using this honestly superior coal. From select Eastern fields—long known as the finest in the world.

Check the results carefully at the end of the year and you will find that you've had more comfort, easier control of heat, less labor with cleaning and with ashes, and less money spent for fuel.

Dock Coal is handled by progressive dealers.

To assure the Northwest ample supply and protection, the Dock Coal Companies operate, at the Head of the Lakes, a \$30,000,000 plant for handling and storing 10,000,000 tons of Eastern Coal annually. This coal is distributed to the householder by 5,000 Retail Coal Dealers.

BRAINERD TAKES FIRST CAGE GAME

LOCALS DEFEAT PEQUOT IN FIRST GAME BY SCORE OF 59-11

Brainerd started its basketball season the same way it did in football, by a victory over Pequot and an overwhelming one at that, 59-11. Although the game was not so very interesting, rather one-sided, it showed the good and bad points of both teams. The Blue and Whites proved very strong on offense and had very little chance to prove their strength in defense because the ball was in their possession most of the time.

The team proved to be very well organized, showing great skill in teamwork and basket shooting, although it took them a while to get their range. "Franky" Wise had the honor of sinking the first basket. Fouls were another item. Both teams had a considerable number of fouls called on them. The game did not appear to be rough but Referee Peterson was calling them close.

The local boys got their game won in the first half, the score being 38 to 8. Pequot desperately tried a comeback in the second half but failed. They realized their only chance left was in long shots and these also failed; thus the game ended 59-11.

The line-up follows:  
Brainerd—field goals: Swanson, 7; Wise, 8; Guin, 6; Barnes, 2; Goedderz, 6; Fuller, 2; free throws: Swanson, 0 out of 1; Wise, 2 out of 3; Goedderz, 0 out of 1.

Subs—LaCourse for Swanson; Welliver for LaCourse; Schuety for Wise; Purdy for Guin; Fuller for Barnes; Hautala for Fuller.

Pequot—field goals: G. King, 1; Knutson, 0; Wagner, 1; Gutz, 1; Wagner, 0; free throws: G. King, 1 out of 1; Knutson, 1 out of 1; Wagner, 0 out of 2; Gutz, 0 out of 1; Wagner, 2 out of 2.

Subs—Knutson for Clive.

Whites Win in Preliminaries

The preliminary for the Pequot game was played by the Blues and Whites, two teams composed of all of the players of the first squad.

The teams were well divided, the outcome uncertain until the final blow of Referee Beggs' whistle when the Whites were victors by defeating the Blues, 18-16.

Both teams displayed good team play but ragged receiving of the ball evidenced the need of practice before the new material will be properly equipped to meet the more experienced squads of the neighboring towns.

The letter girls showed speed and accuracy of shot and many of the first year's girls gave promise of future brilliance.

Edna Fogelstrom was the high scorer of the Whites. Irene Molstad scored most points for the Blues.

Scoring is as follows:  
Whites—Field goals: E. Fogelstrom (Capt.), 4; H. Dybvik, 1; A. Wahlstrom, 2; free throws: E. Fogelstrom, 2 out of 4; H. Dybvik, 1 out of 2; A. Wahlstrom, 1 out of 1.

Blues—free throws: D. Kleven, (Capt.), 2; L. Palmer, 2; I. Molstad, 4; free throws: I. Molstad, 0 out of 1.

When mentioning the games played against other towns he made these remarks:

"We outplayed Staples by hitting hard at the start. The game was won in the first few minutes of play. Herman Buscher practically saved the Little Falls game by his sixty-five yard run for a touchdown.

"Crosby outplayed us. They were the best team in the district and they deserved to win."

"Stevens of Aitkin was kept in the background during both games which only goes to prove that a star on a fair team is not as good as a team composed of eleven men who know their parts and play them creditably well."

"Each man did his part conscientiously and well, and each deserves praise."  
"The chief feature of the Milaca game was Walter Hautala's ninety-eight yard run that never stopped until the ball was over Milaca's goal line."

He gave the substitutes their hard earned praise and he said that they would receive their reward next year when they made the team.

Mr. Kasch asked the school's support of our cheer leaders, William Johnstone and Edith Titus, because of their work in preparing and giving yells.

When he finished, letters were awarded to the sixteen men who had earned them. Each man received a little oration after which there was a flower pinned on his coat by Kathleen Early.

The assembly was dismissed after the due amount of singing and yelling lead by our cheer leaders and accompanied by Ed Tom O'Brien, on the piano.

Santa Claus surely has a lot of helpers this year. Three of the school clubs, the Hi-Y, the French club and the Seniors, are having Christmas parties.

# COUNCIL AWARDS CITY HALL JOB

C. C. Bowen Given Contract for Scraping and Varnishing of Floors for \$314.70

## WAS LOW BIDDER

Property Committee to Secure Estimate on Proposed Radiation Plan at Jail

The city council last night awarded the contract of scraping and varnishing the floors and baseboards of the city hall to C. C. Bowen at the figure of \$314.70. His bid was the lowest submitted. It is expected that the work will be done this month during the lull of business in the holiday season.

The matter of covering the steam pipes in the fire hall was referred to the property committee with power to act.

The property committee was instructed to secure estimates on the work necessary to provide further radiation for the city jail. The aldermen felt that the jail at the present time was poorly heated. The property committee will endeavor to determine a way to install additional radiators.

Expressions of praise for the splendid work done by the Water and Light Department in street illumination decorations for Christmas on Laurel and Front streets, as well as the Christmas tree and welcome signs on Sixth street and at the fountain near the water tower were tendered by the aldermen.

A bill of \$25 for the rebuilding of the windshield on the fire truck was ordered paid.

# NORTHWEST MAN TO AID RESCUE WORK

James W. Frazer, of Alexandria to Serve as Diver in Rescue Work on the S-4

## HAS REMARKABLE RECORD

Is Winner of Award in Assisting in Raising of Two Wrecked Undersea Boats

Minneapolis, Minn., Dec. 20.—James W. Frazer, Minneapolis sailor, hero of the raising of the S-5 and S-51, both of which were victims of submarine disasters, left here early today under special orders to report to Provincetown to aid in rescue work on the S-4.

Frazer, attached to the Minneapolis Naval Recruiting Station, Federal Building, is winner of the Navy Cross, highest Naval award, for his bravery in assisting in the raising of the two wrecked undersea boats.

About a year ago, Frazer, a chief torpedoman, was sent to Minnesota for recruiting duty. For ten years he had participated in major undersea rescues undertaken by the Navy. Now, after a brief interval, he has been returned to fight against time in the raising of the disabled craft.

Born in Alexandria, Minn., Frazer left his home 16 years ago to "join the Navy and see the world." Since that time much of his enlistment record concerns his work more than 100 feet below the surface of the ocean. In the disastrous collision of Rome, he was the first man to enter the submarine.

Describing operations which are being undertaken in the raising of the S-4, he described the manner in which the Atlantic fleet was gathering about the spot to break the force of the waves and make rescue work easier.

If huge warships have been ordered out, he said, mountainous seas would be broken by their protecting bulk. The depth at which the S-4 rests makes diving fairly easy, he remarked.

"Only men of good health and extraordinary physique are able to stand the strain of deep sea diving. To pass the Navy test, a man must work in 175 feet of water and must be able to go at least 200 feet if necessary," he explained.

It takes a man only about 42 seconds to make the trip to the bottom of the sea, but it takes him about five hours to come up again. Divers ordinarily do not work longer than two or three hours.

Describing the work of the diver in raising the wrecked submarine, he said: "When the diver is dressed in his suit, a huge winch hoists him up and swings him over the side and down 15 feet or so, where he can

JESSE JAMES  
A Paramount Picture

Fred Thomson, whose meteoric rise to the heights as one of the most popular stars in screenland has been the sensation of the film world, recently signed a long term contract to release his future productions through Paramount.

With the launching of his association with Paramount, Thomson has entered upon a series of productions of special type, embracing absorbing themes with a historical background that promise to establish a new standard in the field of Westerns.

His first Paramount special "Jesse James" the true story of that famous and colorful figure of the past century, opens at the Lyceum theatre tonight.

## 800 PEOPLE LEFT HOMELESS BY FIRE

Lexington, Ky., Dec. 20.—(UP)—Eight hundred persons were left homeless by a fire which wiped out the village of Blackey, Ky., early today, according to advices received here.

MICKIE SAYS—

"THE GUY WHO BORROWS HIS NEIGHBOR'S PAPER IS THE WORST GUY IN THE GREATEST KICKER IN THE PAPER HAS, BUT WE DONT GIVE ONE LIT GOSH-DARN FER HIS OPINION!"

## Harmless Flying Insect

Devil's darning needle is merely a popular nickname for the dragon fly. The name is suggested by the long, slender body of the insect which is supposed to resemble a darning needle. Contrary to the general belief the devil's darning needle is perfectly harmless and its bite is not poisonous.

## All Right After All

Another day we never expected to live to see but did was the day when some nice people of our acquaintance were inexpressibly relieved and dismissed all anxiety from their minds upon learning that their missing sixteen-year-old daughter had been safe in jail all the time they had been worrying about her.—Ohio State Journal.

DR. W. B. CALDWELL  
AT THE AGE OF 83

Most men and women past fifty must give to the bowels some occasional help, else they suffer from constipation. One might as well refuse to aid weak eyes with glasses as to neglect a gentle aid to weak bowels.

Is your present laxative, in whatever form, promoting natural bowel "regularity"—or must you purge and "physic" every day or two to avoid sick headache, dizziness, biliousness, colds, or sour, gassy stomach?

Dr. Caldwell's Syrup Pepsin helps to establish natural, regular bowel movement even for those chronically

## Night Coughs Quickly Relieved Stopped in 15 Minutes with Thoxine

Most coughing is caused by an irritated, inflamed throat or bronchial tubes which cough syrups and patent medicines do not touch. But a famous physician's prescription recently discovered called Thoxine goes direct to the cause, relieves the inflamed membranes and stops the cough almost instantly. One swallow does the work, and the remarkable thing about it is that it contains no dope, chloroform or other harmful drugs. Pleasant tasting. Safe for children. Once used the whole family will rely on it. 35¢, 60¢ and \$1.00. Sold by Skauge Drug Co. and all good drug stores.

What Ails You

An Amazing Success

Feen-a-mint

The Chewing LAXATIVE

Chew It Like Chewing Gum

A pleasure to use. Very efficient. Children love it. No taste but that of sweet mint. The most popular laxative because it's a "satisfier."
